H62A

Next Generation
Multi-Purpose Propeller

Easy Installation

Modular design for fast installation and convenient storage and transport

Available in 2-, 3-,
and 5-blade
configurations

Made For Turbo Prop
Feathering capabilities
for turbo prop applications

Fly Faster.

Experience double digit improvements in speed and efficiency when paired with the state-of-the-art VTL "Talon" propeller blades

Greater Pitch Range
H62A propellers can accommodate pitch ranges up to and beyond 30°

BUILT FOR  **ROTAX.**

H60A

Tried and Trusted
Hydraulic Propeller
Available in 2- and 3-blade
configurations

Proven Reliability
With over 1 million total flight hours- often in extreme conditions- the H60A is the ideal choice when reliability is a must.

Effortless Precision

The kinetic linkage of the H60A propeller hubs requires less force to make pitch adjustments than traditional hydraulic propellers.

Hydraulic & Electric
The H60A is also available as an automatic propeller hub, featuring Bluetooth connectivity and a powerful yet lightweight stepper motor with an independent power supply.
